Type of Transportation:

.

If traveling by plane, please list airline here:

.

Date of Departure:

.

Please complete these steps **prior to office visit:**

- Please visit **USDA APHIS PET TRAVEL** to see the requirements for your pet to travel to your destination. Give us a call prior to the office visit to let us know what services your animal will require. This will help us complete your Health Certificate for travel correctly. The website is below.
- If your pet has been seen at any other veterinary hospitals, please bring those records with you. If you do not have records in your possession, please call the veterinary office(s) and request those records be faxed to us. Our fax number is **(707) 822-6901**.
- Health Certificates must be used within 10 days of issue date. Please plan ahead and schedule your appointment within the correct time frame. Please do not schedule Health Certificate appointments the day you are supposed to travel, as we may not have enough time to complete all the required services.
